

 **Base**
feel the comfort 

IT

Il comfort è, dal primo giorno di attività, la missione di Base Protection. L'azienda realizza scarpe da lavoro, combinando tecnologia e requisiti funzionali per rispondere ai bisogni di una clientela professionale ed esigente. L'attività di Ricerca e Sviluppo, ha prodotto diversi brevetti che hanno reso desiderabile indossare le calzature antinfortunistiche anche dopo il lavoro. A servizio delle idee un team di giovani designer e creativi.

Base Protection è fra le più efficienti aziende del suo settore, grazie al riconosciuto lavoro del customer service, alla velocità e puntualità delle consegne, ai servizi di assistenza alla vendita (controllo delle scorte e riassortimenti, formazione dei rivenditori, condizioni di vendita, etc.).

Il valore aggiunto dell'azienda è l'attenzione all'ambiente, risorsa che è indispensabile preservare.

Eco-sostenibilità, comodità, tecnologia ed efficienza sono i punti saldi dell'azienda, perché lavorare sia meno faticoso, in tutta sicurezza.

ES

El confort es el principio inspirador de Base Protection desde su primer día de actividad. La empresa fabrica calzados profesionales para el trabajo, que combinan tecnología y requisitos funcionales, para dar respuesta a las necesidades de una clientela cada vez más profesional y exigente. Nuestra intensa actividad de Investigación y Desarrollo nos ha llevado al desarrollo de patentes que hacen del calzado Base, la mejor opción de calzado incluso después del trabajo. Al servicio de las ideas, un equipo de jóvenes diseñadores y creativos.

Base Protection se posiciona como una de las empresas más eficientes en su sector, gracias al reconocido trabajo de nuestro servicio de atención al cliente, velocidad y puntualidad en las entregas, al servicio de asesoramiento y apoyo a la venta (control de reservas y reaprovisionamiento, formación de los distribuidores, condiciones de venta, etc).

Un valor añadido más de la empresa es la atención al medio ambiente: eco-sostenibilidad, comodidad, tecnología y eficiencia son los puntos fuertes de Base Protection para que trabajar sea menos fatigoso, con toda seguridad.

FEEL THE COMFORT

EN

Comfort is what has inspired Base Protection since its first day of activity. The company produces safety footwear, combining technology and functional requirements, to respond to professional and more demanding clients. The Research and Development activity has brought to different patents which make the shoe desirable to wear even after work. The company's ideas come from a team of young and creative designers.

Base Protection is currently one of the most efficient company in its field, thanks to the acknowledged work of its customer service, its speed, delivery punctuality, after-sale assistance (stock and reassortment, retailers' training, sales terms, etc.).

The added value of the company is the attention to the environment, resource that is important to preserve. Eco-sustainability, comfort, technology and efficiency are the company's cornerstone, so that working is a pleasure in total safety.

FR

Le confort est la principale mission de Base Protection depuis son premier jour d'activité. La société crée des chaussures de sécurité, combinant technologie et fonctionnalité pour répondre aux besoins des clients professionnels les plus exigeants. L'activité de Recherche et Développement nous conduit à nombreux brevets qui rendent nos chaussures agréables à porter même après le travail. Les produits sont créés et développés par les jeunes stylistes et designers.

Base Protection est l'une des marques les plus efficace dans son domaine, reconnue pour la réactivité de son service clientèle, la rapidité et la ponctualité des livraisons, son service d'assistance à la vente (contrôle des stocks et approvisionnement permanent, conditions générales de vente, etc.).

La valeur ajoutée de la société est une attention particulière pour l'environnement, ressource qu'il est indispensable de protéger. Les termes, design, confort, technologie et efficacité, sont les points forts de notre société, afin de travailler en toute sécurité en fatiguant moins.

DE

Vom Anfang an ist Komfort die Inspiration von BASE Protection. Modernste Produkttechnologie, kombiniert mit hochwertigen Materialien garantieren die Funktionalität, um alle Erfordernisse professioneller und anspruchsvoller Nutzer zu erfüllen. Durch der beständige Arbeit unserer Entwicklungsabteilung werden unsere Schuhe hinsichtlich Bequemlichkeit und Tragekomfort besonders geschätzt. Die vielfache Resonanz: "die Base-Schuhe sind so bequem, daß man sie nach der Arbeit gar nicht ausziehen möchte", macht uns besonders stolz.

Ein junges Team kreativer und motivierter Mitarbeiter macht BASE Protection derzeit zu einem der leistungsstärksten Hersteller von Sicherheitsschuhen und das auch im Kundendienst, Lieferfähigkeit- und -pünktlichkeit, fachlicher Kompetenz aller Mitarbeiter, Produktionsplanung, Qualitätsmanagement usw.

Ein besonderen Stellenwert in unserer Arbeit nimmt auch der Schutz der Umwelt ein. Ein wichtiges Element unserer Firmenphilosophie, in dem wir durch ständige Innovationen und Nachhaltigkeit eine beispielhafte Arbeit leisten. BASE Schuhe machen die Arbeit leichter aber mit Sicherheit.

NL

Comfort is wat BASE Protection heeft geïnspireerd van bij de start van haar activiteiten. Het bedrijf produceert werkkleding in combinatie met technologie en functionaliteit om tegemoet te komen aan de professionele en veeleisende klant. De werking van de R&D afdeling heeft verschillende patenten gegenereerd welke geleid hebben tot het maken van een schoen die comfortabel draagt zelfs na het werk. De bedrijfsideeën komen van een team van jonge en creatieve ontwerpers.

BASE Protection is momenteel één van de meest efficiënte bedrijven in de sector, dankzij de vakkundigheid waarmee de afdeling Customer Service te werk gaat, zijn snelheid, stiptheid van levering, de ondersteuning na-verkoop (stockbeheer en assortimentsbeheer, opleiding van retailers, verkoopsvoorwaarden, etc).

De toegevoegde waarde van het bedrijf is de aandacht voor het milieu, een aspect dat belangrijk is te waarderen en te beschermen. Eco-duurzaamheid, comfort, technologie en efficiëntie zijn de pilaren van het bedrijf, zodat werken in volledige veiligheid een waar plezier is.

IT

Weareco è il marchio green di Base Protection, una nuova filosofia per il rispetto dell'Ambiente.

Weareco rappresenta l'impegno di Base Protection a:

- ricercare partner selezionati che ci aiutino a contenere le emissioni nocive, ridurre i consumi idrici ed energetici, controllare le polveri e i rumori, tenere sotto controllo l'utilizzo di sostanze pericolose;
- migliorare le prestazioni di sicurezza, il comfort e l'ergonomia per salvaguardare la salute del consumatore;
- progettare un packaging in grado di ottimizzare gli spazi a magazzino e che utilizzi materiali compostabili.

ES

Weareco, la marca verde de Base Protection; una nueva filosofía para respetar el medio ambiente.

Weareco representa el compromiso de Base Protection a:

- buscar socios colaboradores selectos que nos ayuden a contener las emisiones nocivas, reducir los consumos de agua y energéticos, controlar el polvo y los ruidos así como mantener bajo control la utilización de sustancias peligrosas;
- mejorar las prestaciones de seguridad, confort y ergonomía para salvaguardar la salud del consumidor;
- diseñar un packaging que optimice el espacio de almacenaje y utilice materiales compostables.

EN

Weareco is the green brand of Base Protection, a new philosophy to respect the environment.

Weareco represents Base Protection's commitment to:

- choose among suppliers who can help us keeping harmful emissions under control, decreasing water and energy consumption, limiting powders and noises, decreasing the usage of dangerous substances;
- improve the safety performances, comfort and ergonomics to protect the consumer's health;
- design a packaging that uses compostable materials and able to optimize the space in stock.

DE

Weareco ist die grüne Betriebsmarke von Base Protection, die neue Philosophie für Umweltschutz.

Weareco ist das Ergebnis der Bemühungen von Base Protection für:

- Lieferanten suchen, die uns helfen, Abgase und Stäube unter Kontrolle zu halten, Wasser und Energieverbrauch zu beschränken und schädlichen Stoffen zu reduzieren.
- Sicherheits- sowie Komfort- und Ergonomie- Leistungen zu verbessern, um die Gesundheit der Verbraucher bestmöglich schützen zu können.
- eine Verpackung aus kompostierbaren Materialien, die gleichzeitig auf ein vernünftiges Maß beschränkt und noch mehr Lagerplatz ermöglicht.

FR

Weareco est la marque écologique de Base Protection, une manière de respecter l'environnement et de participer au développement durable.

Weareco représente l'engagement de Base Protection en maîtrisant les points suivants:

- le choix des fournisseurs qui nous aident à limiter les émissions nocives, réduire les consommations d'eau et d'énergies, contrôler les poudres, les bruits ainsi que l'utilisation de substances dangereuses;
- l'amélioration des prestations de sécurité, le confort et l'ergonomie pour sauvegarder la santé du consommateur;
- l'engagement à optimiser les emballages et à utiliser des matériaux recyclables.

NL

Weareco is het groene merk van BASE Protection, een nieuwe filosofie om het milieu te respecteren.

Weareco vertegenwoordigt BASE Protection's engagement tot:

- het kiezen uit leveranciers die ons kunnen helpen om schadelijke emissies onder controle te houden, water- en energieverbruik in te perken, het volume aan poeders en geluiden te verminderen, het gebruik van gevaarlijke stoffen te reduceren;
- de verbetering van veiligheidsprestaties, comfort en ergonomie ter bescherming van de gezondheid van de consument;
- het ontwerpen van een verpakking gemaakt van composteerbare materialen en welke toelaat om de stockruimte optimaal te benutten.

Dry'n Air⁺ PLUS

IT

Dry'n Air Plus Sistema di canalizzazione dell'aria integrato nella suola accoppiato con il tessuto balistico resistente alla perforazione, che utilizza l'effetto "Venturi" per far circolare l'aria sotto al piede.

EN

Dry'n Air Plus is a built-in air canal system combined with ballistic textile puncture-resistant, which uses the 'Venturi effect' for the air circulation below the foot.

FR

Dry'n Air Plus système de circulation de l'air, des canaux en PU traités anti-bactéries et anti-mycoses injectés sur la semelle anti-perforation, qui grâce à l'effet Venturi augmente la circulation d'air sous le pied.

ES

Dry'n Air Plus Sistema de canalización del aire integrado en la suela, con tejido balístico y resistente a la perforación, que utiliza el efecto 'Venturi' para aumentar la circulación del aire en el pie.

DE

Dry'n Air Plus ist ein Umluftsystem, in der Zwischensohle integriert, mit dem durchtrittsicheren ballistischen Gewebe gekuppelt. Die Luft zirkuliert unter dem Fuß, dank des "Venturi" Effekts.

NL

Dry'n Air Plus is een ventilatiesysteem ingebouwd in de zool vervaardigd van ballistisch textiel bestand tegen doorboring, welke dankzij het 'Venturi-effect' zorgt voor de luchtcirculatie onder de voet.

Dry'n Air ↻

IT

Sistema piede asciutto Dry'n Air: tecnologia brevettata da Base Protection per ottenere il ricircolo d'aria nella scarpa. Può essere integrata nella suola (Linea Platinum) o nel plantare anatomico estraibile (Linee Record, Planet e Miss Base).

EN

Dry'n Air dry foot system: technology, patented by Base Protection, which guarantees the air circulation inside the shoe. It can be built in the sole (Platinum Line) or in the anatomic removable footbed (Record, Planet and Miss Base Lines).

FR

Système du pied sec Dry'n Air: technologie brevetée par Base Protection pour obtenir la circulation de l'air dans la chaussure: cette technologie est intégrée dans la semelle (Ligne Platinum) et dans les semelles anatomiques amovibles (Ligne Record, Planet et Miss Base).

ES

Sistema pies secos Dry'n Air: tecnología patentada por Base Protection que garantiza la recirculación del aire en el zapato: puede estar integrada en la suela (Línea Platinum) o en la plantilla anatómica extraíble (Líneas Record, Planet y Miss Base).

DE

Dry'n Air trockenes Fußsystem: Technologie patentierte von Base Protection für die Umluft im Schuh. Sie kann in der Sohle integriert werden (Linie Platinum) oder als entfernbare anatomische Einlegesohle (Linie Record, Planet und Miss Base) benutzt.

NL

Dry'n Air droge mond system: technologie, gepatenteerd door BASE Protection, die de luchtcirculatie in de schoen garandeert. Het kan in de zool gebouwd worden (Platinum collectie) of in het anatomisch uitneembaar voetbed (Record - Planet - Miss Base collecties).

Dry'n Air ↻ GEL

IT

Dry'n Air Gel La versione con gel ad alta densità integrato nel tacco, assorbe e dissipa l'energia d'urto del tallone, riducendo così le sollecitazioni alle articolazioni.

DE

Dry'n Air Gel ist die Ausführung mit in der Ferse Geleinsatz. Sie dämpft und dissipiert die Schockenergie und reduziert so die Gelenkebelastung.

ES

Dry'n Air Gel La versión con gel de alta densidad integrada en el tacón que absorbe y disipa la energía de impacto del talón al andar, reduciendo las presiones en las articulaciones.

FR

Dry'n Air Gel La version avec gel haute densité intégré dans le talon, absorbe et dissipe l'énergie des chocs, réduisant ainsi la fatigue des articulations.

EN

Dry'n Air Gel The high density gel version built in the heel, absorbs and dissipates the heel shock energy, reducing the joint stress.

NL

Dry'n Air Gel De hoge densiteit Gel, ingebouwd in de hielzone, absorbeert en verdeelt de schok in de hiel bij het stappen en vermindert zo de druk op de gewrichten.

AirTech® + tpu-skin®

IT

Suola AirTech + Tpu-Skin: la vera suola defaticante.

Una tecnologia esclusiva, brevettata da Base Protection, che permette di ridurre lo spessore duro e compatto del battistrada a valori mai ottenuti prima nel mercato.

Risultato: maggiore elasticità ed effetto ammortizzante.

EN

AirTech + Tpu-Skin Sole: the real antifatigue sole.

An exclusive technology, patented by Base Protection, which allows to reduce the outsole's hard and compact thickness, up to values never obtained before. The result is: more elasticity and cushion effect.

FR

Semelle Airtech + Tpuskin: la véritable semelle anti-fatigue.

Une technologie exclusive, c'est une création de Base Protection, qui consiste à réduire l'épaisseur de la semelle pour obtenir des valeurs jamais obtenues avant sur le marché.

Résultat: plus de souplesse avec un effet amortisseur.

ES

Suela AirTech + Tpu-Skin: La auténtica suela antifatiga.

Una exclusiva tecnología patentada por Base Protection, que permite reducir el grosor del piso, la parte más pesada y rígida de la suela, obteniendo valores nunca logrados anteriormente en el mercado.

Risultado: mayor elasticidad y un elevado efecto amortiguador.

DE

Airtech + Tpu skin Sohle: die beste ermüdungshemmende Sohle.

Eine exclusive Technologie, von Base Protection patentiert, die die harte und kompakte Dicke der Laufsohle mit hervorragenden Ergebnissen reduziert. Sie bietet eine höhere Flexibilität so wie einen deutlichen, besseren Schockdämpfungseffekt.

NL

AirTech + Tpu-Skin: de échte vermoeidheidswerende zool.

Een exclusieve technologie, gepatenteerd door BASE Protection, die het mogelijk maakt het hardste en dikste deel van de buitenzool te verminderen, tot waarden nooit tevoren verkregen.

Resultaat: meer elasticiteit en kussen-effect.

Tpu-Skin
Ultraflex

Effetto defaticante ed elevata flessibilità della scarpa per ridurre lo sforzo del piede e generare un risparmio energetico.

A footwear whose antifatigue effect and higher flexibility help to decrease foot labour and save energy.

Effet antifatigue avec une flexibilité élevée de la chaussure afin de réduire l'effort du pied et générer un épargne énergétique.

Efecto antifatiga y alta flexibilidad para reducir la tensión en el pie, facilitando el ahorro de energía.

Anti-Ermüdungseffekt und hohe Schuflexibilität, um die Fußanstrengung zu reduzieren und Energie zu sparen.

Een evolutie van het Tpu-skin patent combineert het vermoeidheidswerend effect met een hogere flexibiliteit van de schoen, vermindert de spanning op de voet en bespaart energie die de productiviteit, concentratie en de reactie in geval van gevaar verbetert.

LifePlus

IT

La tecnologia LifePlus migliora l'aderenza e riduce l'usura delle soles in ambienti di lavoro caratterizzati dalla presenza di liquidi a base acquosa (industrie agroalimentari, chimiche e farmaceutiche).

EN

LifePlus technology improves grip and reduces the sole damage in work environments characterized by the presence of water based liquids (agrifood, chemical and pharmaceutical industries).

FR

La technologie LifePlus améliore l'adhérence et réduit l'usure des semelles en milieux de travail caractérisés par la présence de liquides à base d'eau (industries alimentaires, chimiques et pharmaceutiques) liquides à base d'eau.

ES

La tecnología LifePlus mejora la adherencia y reduce el uso de la suela en entornos de trabajo caracterizados por la presencia de líquidos de base acuosa (industrias alimentarias, químicas y farmacéuticas).

DE

Lifeplus Technologie verbessert die Bodenhaftung und reduziert den Sohlverschleiß in Arbeitsumgebungen mit wasserhaltigen Flüssigkeiten (Agrar-, Lebensmittel-, Chemie- und Pharmaindustrie).

NL

LifePlus technologie verbetert de grip en vermindert de beschadiging van de zool in werkomstandigheden met aanwezigheid van voeistoffen op basis van water (voedingsindustrie, chemische- en farmaceutische industrie).

Tecnologia LifePlus e suola in gomma HRO per garantire ai lavoratori che operano all'aperto stabilità sulle superfici irregolari, protezione dall'attacco dei liquidi e resistenza alle temperature estreme.

LifePlus technology and HRO rubber sole to ensure to the outdoor workers stability on rough surfaces, protection from damages caused by liquids and resistance to high temperatures.

Tecnología LifePlus y plantilla de caucho HRO para proporcionar a los trabajadores estabilidad en superficies accidentadas, protección contra el uso de la suela causada por líquidos, así como resistencia a altas temperaturas.

Technologie LifePlus et semelle en caoutchouc HRO pour assurer aux travailleurs en plein air stabilité sur les surfaces accidentées, protection contre l'usure causée par les liquides et résistance à températures élevées.

Life Plus Technologie mit HRO Gummisohle ist entwickelt, um bei Außenarbeiten die Stabilität auf unebenen Böden, den Schutz vor Flüssigkeitsschäden sowie die Beständigkeit gegen hohe Temperaturen zu gewährleisten.

LifePlus technologie en HRO rubberen zool verzekeren bescherming, voor de buitenwerkers op ruwe ondergronden, tegen beschadiging veroorzaakt door vloeistoffen en weerstand tegen hoge temperaturen.

All Terrain

IT

Suola All Terrain: la scolpitura del fondo assicura aderenza ottimale su una grande varietà di terreni esterni (sciolti, nevosi, ghiaiosi, fangosi).

EN

All Terrain Sole: the cleated outsole assures excellent grip on different kind of grounds (melted, snowy, muddy, gravel soil).

FR

All Terrain semelle: semelle avec crampons qui assure une adhérence maximale sur différents terrains (rocheux, neigeux, boueux ou sur les sols en gravier).

ES

Suela All Terrain: la ranura del fondo permite una adherencia óptima sobre una gran variedad de suelos exteriores (arenosos, nevados, con grava, fangosos).

DE

All Terrain Sohle: das Sohlenprofil garantiert eine optimale Rutschhemmung auf vielen verschiedene Böden (lockere, kiesige, schlammige).

NL

All Terrain zool: de buitenzool met noppen verzekert een uitstekende grip op verschillende soorten ondergrond (gesmolten, besneeuwde, modderige, grind bodem).

IT

I ramponi hanno un'altezza variabile che va da 4 a 8 mm sul profilo esterno. Sono smussati e distanziati per essere autopulenti.

ES

Los resaltes de la suela, con altura variable de 4 a 8 mm en el perfil externo, son redondeados y están distanciados entre sí para un efecto autolimpiador.

EN

The sole cleats have a variable height from 4 to 8 mm, are rounded and spaced between each other to be self-cleaning.

DE

Unterschiedliche Profiltiefen von 4 bis 8 mm am äußeren Rand sichern an jeder Stelle der Sohle maximalen Grip. Das Profil ist abgekantet und somit selbstreinigend.

FR

Les crampons de la semelle sont à hauteurs variables de 4 à 8 mm, espacés pour un effet autonettoyant.

NL

De noppen op de zool hebben een variabele hoogte van 4 tot 8 mm op het buitenprofiel, zijn afgerond en zelfreinigend door de ruimtes tussen de noppen.

IT

La zona centrale del fiamme è molto più ampia con alto profilo del tacco che garantisce più sicurezza sui gradini, terreni pietrosi e superfici convesse (tubi, tronchi, ecc.).

ES

La zona central de la suela, al ser mucho más amplia y tener un tacón con perfil alto, garantiza una mayor seguridad sobre peldaños, terrenos pedregosos y superficies convexas (tubos, troncos, etc.).

EN

The central area of the sole is wider with a high profile heel, so to guarantee more safety while going up the stairs and walking on stony soils and convex surfaces (pipes, logs, ect).

DE

Der zentrale Teil ist weiter mit einem höheren Absatz, um mehr Sicherheit auf Treppen, Kiesboden und konvexen Flächen (Röhren, Stämme, u.sw.) zu bieten.

FR

La partie centrale du pied est plus large avec un profil renforcé du talon, pour garantir plus de sécurité en descendant les escaliers, en marchant sur des terrains rocheux ou des surfaces convexas.

NL

Het middenzool gedeelte is breder met een hoog hielprofiel; dit garandeert meer veiligheid bij de trap opgaan en tijdens het stappen op keiachtige bodems en bolle oppervlaktes (buizen, houten balken, etc).

Sticking

IT

Suola Sticking dalla massima aderenza: garantisce extra grip durante la flessione, grazie ai tagli trasversali tipici delle calzature professionali da barca.

EN

Sticking sole with extra grip: guarantees high slip resistance during flexion thanks to the transversal carving on the sole typical of professional boat shoes.

FR

Semelle Sticking avec extra grip: garantit une adhérence maximale pendant la flexion grâce aux rainures typiques des chaussures bateau.

ES

Suela Sticking de máxima adherencia: garantiza el máximo agarre durante la flexión gracias a los cortes transversales típicos del calzado profesional para barcos.

DE

Sticking Sohle, extrem Rutschfest: bietet einen extra großen Grip beim Gehen dank der schuppenförmig verlaufenden Schnitte, typisch für professionellen Bootschuhe.

NL

Sticking Zool met extra grip: garandeert hoge slipweerstand tijdens buiging dankzij de dwarse gravures op de zool, kenmerkend voor professioneel scheepsschoeisel.

IT

Il fondo piatto della suola ne permette l'utilizzo su pavimenti delicati perché non sporca e non graffia. Gli intagli posizionati sulla pianta e sul tacco permettono la massima aderenza e resistenza allo scivolamento in presenza di liquidi.

ES

El fondo plano de la suela permite su uso sobre suelos delicados porque no mancha y no raya. Los cortes posicionados sobre la planta y el tacón permiten la máxima adherencia y resistencia al deslizamiento en presencia de líquidos.

EN

The flat outsole allows it to be used on delicate floors because it does not neither scratch nor mark. The carvings located on the sole and heel allow extra grip and slip-resistance on surfaces with liquids.

DE

Die flache Laufsohle ist geeignet für alle empfindlichen Boden, weil sie unkreidend und selbstreinigend ist. Die schrägen schuppenförmigen Schnitte auf der Sohle und dem Absatz bieten die höchste Rutschfestigkeit bei Nässe.

FR

Le fond plat de la semelle permet une utilisation sur les sols délicats, cette semelle ne laisse pas de traces et ne raye pas. Les rainures localisées sur le talon permettent une adhérence maximale et résistance au glissement en présence de liquide.

NL

De vlakke buitenlaag van de zool maakt het mogelijk om op delicate vloeren te werken zonder krassen of vuil te maken. De gravures op de tong en hiel zorgen voor extra grip en slipweerstand op gladde oppervlaktes.

SmellStop

IT

Fodera 100% antibatterica SmellStop: fodera antiodore che impedisce la proliferazione dei microrganismi responsabili dei cattivi odori e delle micosi. Con SmellStop il piede è in buona salute.

EN

Lining 100% antibacterial SmellStop: anti-odor lining that prevents Bacteria and Fungus, responsible for odors, from taking hold anywhere in your shoes. With SmellStop the foot remains healthy.

FR

doublure 100% Antibactérienne SmellStop: doublure anti-odeur qu'évite la prolifération des micro-organismes responsables de mauvaises odeurs et de mycose. Avec SmellStop le pied est en bonne santé.

ES

Forro 100% antibacteriano Smellstop: forro con tratamiento antibacteriano permanente que impide la proliferación de microorganismos, tales como bacterias y hongos responsables de los malos olores y micosis. Con SmellStop el pie permanece siempre sano.

DE

Futter 100% antibakteriell SmellStop: das antibakterielle Futter verhindert die Bakterienwucherung und den unangenehmen Geruch. Mit SmellStop bleibt der Fuß gesund.

NL

Voering 100% antibacterieel Smellstop: anti-reuk voering, die voorkomt dat bacteriën en schimmels, de oorzaak van vieze geuren, zich nestelen in je schoenen. Met SmellStop blijft de voet gezond.

SlimCap

IT

Puntale non metallico Slimcap: leggero, più elastico dei puntali metallici, amagnetico e termoisolante. Garantisce maggiore comfort senza penalizzare l'estetica.

EN

Metal-free toe-cap SlimCap: light, more flexible than metal toe-cap, non magnetic and thermal insulated. It guarantees more comfort without giving up to a cool design.

FR

Embout non métallique SlimCap: léger, plus flexible que les embouts métalliques, amagnétique et thermo isolant. Il garantit plus de confort sans pénaliser l'esthétique.

Spessore in punta **6,5 mm**, tra i più bassi rispetto ai puntali non metallici sul mercato: maggiore spazio per le dita.

Espesor reducido en la punta de **6,5 mm**, entre los más bajos respecto a las punteras no metálicas del mercado: mayor espacio para los dedos.

Toe-cap's thickness is reduced to as low as **6,5 mm** compared to other similar toe cap on the market: more room for toes.

Äußere Maße der Schutzkappe reduzierte zu **6,5 mm** im Vergleich zu ähnlichen Produkten am Markt: mehr Raum für den Fuß.

L'épaisseur est réduite à **6,5 mm** par rapport à d'autres embouts similaires sur le marché plus d'espace pour les orteils.

Beperkte dikte van **6,5 mm** in vergelijking met gelijkaardige producten op de markt.

ES

Puntera no metálica SlimCap: ligera, más elástica que las punteras metálicas, amagnética y termoisolante. Garantiza un mayor confort sin descuidar la estética.

DE

Metallfreie Schutzkappe SlimCap: leichter, elastischer als eine Metallschutzkappe, nicht-magnetisch und thermoisolierend. Das garantiert höheren Komfort ohne die Ästhetik zu benachteiligen.

NL

Teenkap zonder metaal SlimCap: licht, meer flexibel dan andere metalen teenkappen, niet-magnetisch en thermisch geïsoleerd. Het garandeert meer comfort zonder in te boeten aan het ontwerp.

Fascetta protettiva in dotazione, perfettamente sagomata al puntale: si esclude il rischio di distacco accidentale e conseguente pressione e dolori sulle dita.

Banda protectora perfectamente moldeada a la puntera: elimina el riesgo de que se despegue accidentalmente y las consecuencias presiones y dolores sobre los dedos.

Equipped with a protective strip, toe-cap shaped, it avoids the risk of accidental detachment and reduces the painful pressure on toes.

Der Zehenschutzstreifen passt sich perfekt an der Schutzkappe, so dass das Risiko einer zufälligen Ablösung und die dazugehörigen Schmerzen und Druck auf den Fuß vermieden werden kann.

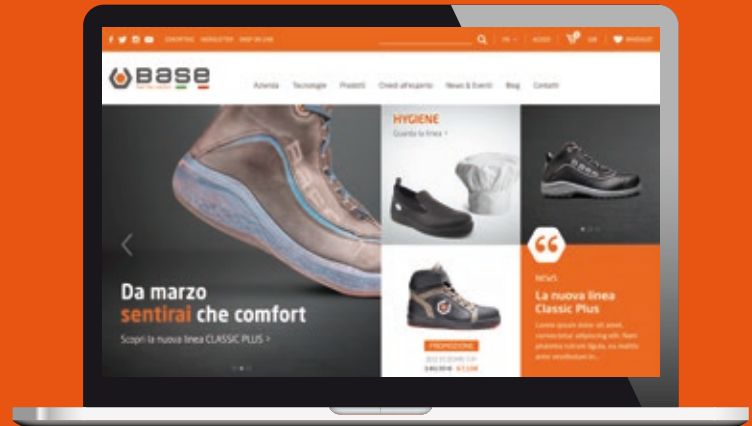

La bande de protection est pré-adaptée à l'embout ce qui réduit les risques de décollement, de pression et de blessures aux dessus des orteils.

Uitgerust met een beschermende strook, gevormd zoals de teenkap, zo wordt het risico op letsels vermeden en pijnlijke druk op de tenen gereduceerd.

PIA P.O. FESR 2007-2013

"Web platform for the planning process and the industrialization of new products".

OBJECTIVES: Creation of an innovative system design and industrialization of new products in the footwear industry based on the use of Cloud resources in shared and integrated workspaces.

PARTNER

Simulations for manufacturing & engineering

CEE PROJECT FP7-2013-NMP-ICT-FOF

"Simulation for manufacturing & engineering".

OBJECTIVES: Starting from the available applications on the Cloud platform, Base Protection has pioneered innovative technologies for the foot fingerprinting, in order to develop customized insoles.

PARTNER

materiali
eco-innovativi
e tecnologie avanzate
per l'industria manifatturiera
e delle costruzioni

PON 03PE_00004_1

"Innovative materials and technologies for the manufacturing and construction industries"

OBJECTIVES: Development of eco-innovative materials for safety shoes and innovative technologies for workwear.

PARTNER

CEE PROJECT N. 6069549 - Demonstration Activity

"Seventh Framework Programme - "Implementation of high grip designing tools".

OBJECTIVES: With DEMO-ULTRAGRIP project the footwear SMEs involved will obtain a competitive advantage based on the use of the new design tools to develop high slip resistance products.

FEEL THE COMFORT IN YOUR SHOP

L - large

M - medium

S - small

Base Protection porta il comfort delle sue calzature nello shop, con un espositore **innovativo e modulare, ecologico e facile da montare**.

Base Protection muestra la comodidad de su calzado en el punto de venta con un nuevo expositor: **innovador y modular, ecológico y fácil de montar**.

Base Protection brings its comfort in your shop with a new display: **innovative and modular, ecological and easy to assemble**.

Base Protection liefert den Komfort ihrer Sicherheitsschuhe in Ihren Laden. Wir haben ein **innovativen, verstellbaren und umweltfreundlichen** Schuhhaus-steller realisiert, der ganz einfach **zusammengebaut** werden kann.

Base Protection apporte le confort de ses chaussures dans votre magasin, avec un présentoir **innovateur et modulable, écologique et facile à monter**.

Base Protection brengt z'n comfort in je winkel met een nieuwe display: **innovatief en modulair, milieuvriendelijk en gemakkelijk te monteren**.

Kit a parete o Rotar / Kit de pared o Rotar / Wall kit or Rotar / Wand-Kit oder Rotar / Kit à mur ou Rotar / Wand kit of Rotar

Pouf e tappetino / Pouf y alfombrilla / Plinth and Mat / Hocker und Fußmatt / Tabouret et tapis / Kruk en mat

RECORD

IT

Una scarpa defaticante da primato che offre una concreta risposta al bisogno di leggerezza.

ES

Un excelente calzado antifatiga que ofrece una respuesta concreta a la necesidad de ligereza.

EN

A 'Record' antifatigue shoe that offers an answer to the need of lightness.

DE

Priorität in dieser Linie: ermüdungshemmende Schuhe. Eine echte Antwort für besonders leichte Schuhe.

FR

Une chaussure anti-fatigue qui offre une réponse au besoin de légèreté.

NL

Een 'record' anti-vermoeidheidschoen. Lichtgewicht.

SPECIAL

FOR EXTREME WORKS

OUTDRY® TECHNOLOGY

ES

La tecnología OutDry® revoluciona el concepto del zapato impermeable. La membrana se encuentra **pegada directamente a la corte**, a través de un proceso patentado. Cualquier posible entrada de agua es por tanto eliminada.

EN

The OutDry® technology revolutionizes the conception of waterproof shoe. The membrane is **thermally stuck directly on the upper**, through a patented process. All possible water entry points are thus eliminated.

FR

La technologie OutDry® révolutionne la conception de la chaussure imperméable. La membrane est **thermocollée directement sur la tige**, grâce à un processus breveté. Tous les points d'entrée possibles de l'eau sont éliminés.

IT

La tecnologia OutDry® rivoluziona la concezione di scarpa impermeabile. La membrana è **termoincollata direttamente sulla superficie interna della tomaia**, tramite un procedimento brevettato, eliminando così tutti i possibili punti di ingresso di acqua.

DE

Die OutDry® Technologie revolutioniert die Auffassung des wasserdichten Schuhs. Die Membran **ist direkt auf dem Obermaterial waermeverklebt**, durch ein patentiertes Verfahren. Alle möglichen Wassereintrittsstellen sind damit ausgeschlossen.

NL

The Outdry® technologie revolutioneert het begrip van de waterdichte schoen. Het membraan is rechtstreeks **thermisch verkleefd op de bovenkant van de schoen**, aan de hand van een gepatenteerd proces. Hierbij zijn alle punten waar water kan binnenkomen geëlimineerd.

EXTREME WATER IMPERMEABILITY.

The LifePlus and Outdry® technologies work together
for a 100% waterproof shoe.

LifePlus

For a sole with maximum grip and resistance,
even in the presence of liquids.

The outer waterproof and breathable
barrier that keeps your shoe lighter
and your foot dry.

HYGIENE

IT

La linea che ha cura per la pulizia: suole resistenti ai liquidi organici; tomaie traspiranti, idrorepellenti, antigraffio; fodera antibatterica e antimicotica.

EN

The shoe line that cares for hygiene: liquids resistant sole, breathable upper, water and scratch resistant; antibacterial and antimycotic lining.

FR

La ligne dédiée au nettoyage: semelle résistante aux liquides; tiges respirantes, hydrofuges, anti-égratignures; doublure anti-bactérienne et anti-mycose.

ES

La línea que cuida la limpieza: suela resistente a líquidos orgánicos; corte transpirable e hidrofugado, resistente a los rasguños. El forro es antibacteriano y antimicótico.

DE

Die Linie, die sich um Hygiene kümmert: Sohle mit hoher Beständigkeit gegen organische Flüssigkeiten; atmungsaktive Schäfte, wasserabweisend und kratzbeständig; antibakterielles und antimykotisches Futter.

NL

De collectie met zorg voor hygiëne: zool bestand tegen vloeistoffen, zweetdoorlatendebovenzijde, water- en krasbestendig, antibacteriële & schimmelwerende voering.

Dry'n Air

IT

PLANTARE DRY'N AIR PER LA LINEA RECORD

- Plantare anatomico con ricircolo d'aria. Massima traspirabilità e piedi asciutti:
- realizzato in PU antibatterico;
 - dotato di un sistema di canali e fori, che favoriscono la circolazione d'aria tra piede e suola;
 - grazie al suo spessore, solleva il piede portandolo al di sopra della suola eliminando l'effetto "camera stagna";
 - disponibile in tessuto e in pelle di vitello;
 - taglie: 39/47 (plantare in pelle di vitello);
 - taglie: 34/38 Donna - 39/49; Uomo (plantare in tessuto)

EN

DRY'N AIR FOOTBED FOR RECORD LINE

- Anatomic footbed with air circulation system. High breathability and dry feet:
- made of anti-bacterial scented PU;
 - with a built-in system of perforations and ducts creating an air flow between the foot and the sole;
 - thanks to its thickness, it keeps the foot above the sole removing the annoying 'airtight compartment' effect;
 - available in textile and full-grain lining;
 - sizes: 39/47 (leather footbed);
 - sizes: 34/38 woman - 39/49 man (textile footbed).

FR

DRY'N AIR SEMELLE POUR LA LIGNE RECORD

- Semelle anatomique avec circulation de l'air. Semelle respirante:
- réalisée en PU anti-bactérien;
 - dotée d'un système de canaux et perforations qui permettent la circulation de l'air entre le pied et la semelle;
 - grâce à son épaisseur, la semelle Dry'n Air élève le pied au dessus de la semelle de marche, évitant ainsi l'effet 'chambre étanche';
 - disponible en tissu et cuir vachette;
 - pointures : 39/47 (cuir);
 - pointures : 34/38 homme - 39/49 femme (tissu).

PLANTARE IN TESSUTO / PLANTILLA EN TEJIDO / TEXTILE FOOTBED / GEWEBE EINLEGESOHLE / SEMELLE EN TISSU / TEXTIEL VOETBED

IT Da utilizzare in sostituzione del plantare in dotazione con la calzatura.

EN Usable to replace the footbed provided with the shoe.

FR À utiliser pour remplacer la semelle équipée dans la chaussure.

ES

PLANTILLA DRY'N AIR PARA LA LINEA RECORD

- Plantilla anatómica con recirculación del aire. Máxima transpirabilidad y pies secos:
- realizada en PU antibacteriano;
 - dotada de un sistema de canales y perforaciones que favorece la circulación del aire entre el pie y la suela;
 - gracias a su espesor, eleva el pie por encima de la suela eliminando el efecto "cámara estanca";
 - disponible en tejido y en piel vacuno;
 - tallas: 39/47 (plantilla en piel vacuno);
 - tallas: 34/38 mujer - 39/49 hombre (plantilla en tejido).

DE

DRY'N AIR EINLEGESOHLE FÜR DIE RECORD REIHE GEEIGNET

- Anatomische Einlegesohle mit Umluftsystem. Atmungsaktiv - trockene Füße:
- antibakterielles beschichtetes PU;
 - gegen den Hitzestau im Schuh - ein System aus Öffnungen und Kanälen, das die eine optimale Luftzirkulation zwischen Fuß und Sohle ermöglicht
 - ein zusätzlicher Vorteil des niedrigen Sohlenprofils ist die höhere Position des Fußes, der nicht im Sohlenbett eingeschlossen ist. Dies reduziert Feuchtigkeit und hohe Temperaturen durch verminderten Luftstau;
 - verfügbar mit Gewebe oder Rindsleder-Futter;
 - Größen: 39/47 (Leder Einlegesohle);
 - Größen: 34/38 Damengrößen - 39/49 Herrengrößen (Gewebe Einlegesohle).

NL

DRY'N AIR GESCHIKT VOOR DE RECORD PRODUCT GROEP

- Sterk ademend vermogen, wat zorgt voor droge voeten:
- vervaardigd van anti-bacterieel geurend PU;
 - met een ingebouwd systeem van perforaties en kanalen die een luchtstroom doen ontstaan tussen voet en zool;
 - dankzij zijn dikte, houdt het Dry'n Air concept de voet boven de zool en elimineert het het vervelende 'luchtdicht ruimte' effect;
 - beschikbaar in textiel en volledig generiefde voering;
 - Maten: 39/47 (leder voetbed);
 - Maten: 34/38 damensmaten - 39/49 herenmaten (textiel voetbed).

PLANTARE IN PELLE DI VITELLO / PLANTILLA EN PIEL VACUNO / LEATHER FOOTBED / LEDER EINLEGESOHLE / SEMELLE INTÉRIEURE EN CUIR / LEDER VOETBED

ES A utilizar en lugar de la plantilla con el calzado.

DE Ersatzeinlegesohle.

NL Inlegzool is vervangbaar.

BACK SUPPORT BELT

IT

TAGLIE:

S 66-81 cm
M 81-96 cm
L 96-119 cm
XL 119-142 cm
XXL 142-165 cm

La cintura di sostegno lombare aiuta a proteggere la regione lombo-sacrale durante i lavori pesanti (sollevamenti di pesi, ecc.), aiutando a prevenire problemi alla colonna vertebrale. Deve essere indossata solo durante le operazioni di carico e rimossa subito dopo. Prima dell'uso è necessario un training sulla movimentazione delle merci.

ES

TALLAS:

S 66-81 cm
M 81-96 cm
L 96-119 cm
XL 119-142 cm
XXL 142-165 cm

El uso de la faja guarda-espaldas ayuda a proteger la región sacrolumbar durante el levantamiento de cargas. Ayudando a prevenir lesiones en la columna vertebral. Debe ser usada solamente durante la carga, cuando no se esté levantando nada debe soltarse o aflojarse. Esta faja debe usarse solamente después de haber recibido entrenamiento en el manejo de mercancías.

EN

SIZES:

S 66-81 cm
M 81-96 cm
L 96-119 cm
XL 119-142 cm
XXL 142-165 cm

The back support belt helps to protect the sacrolumbar region during heavy works (while lifting heavy weights, etc.), by helping to prevent problems with the spinal column. It must be worn only during the loading operations and taken off soon after. Training about materials handling is required before using it.

DE

GRÖSSEN:

S 66-81 cm
M 81-96 cm
L 96-119 cm
XL 119-142 cm
XXL 142-165 cm

Der Rückstützgürtel hilft, bei den schweren Arbeiten, die Lendenwirbel zu schützen (z. B. das Gewichtheben u.s.w.), sowie Wirbelsäuleprobleme zu vermeiden. Der Rückstützgürtel soll ausschließlich während des Tragens von Lasten getragen werden. Vor dem Anlegen ist es notwendig, eine Schulung über das richtige Tragen von schweren Lasten durchzuführen.

M 81-96 cm
L 96-119 cm
XL 119-142 cm
XXL 142-165 cm

De rug ondersteunende riem helpt de onderrug te beschermen tijdens het zware werk (bij het heffen van zware gewichten, enz.), en voorkomt problemen met de ruggengraat. De riem moet alleen gedragen worden tijdens het laden en worden afgedaan kort erna. Een opleiding in handling van goederen is vereist voor gebruik.
